Glenn Langenburg, PhD. Lectures TBD

Bredan Max - Research / PCAST / Issues going on in the profession - Lecture

Steven Brock – Lecture and Workshops TBD

Jon Stimac - “Comparison of Plantar Friction Ridge Impressions” - Workshop

“An Understanding and the Comparison of Latent Palm Prints” - Workshop

Exclusions: A Problematic Conclusion.!?” - Lecture

“Visual Perception and friction Ridge Impressions” - Lecture

Alice Maceo White – Lectures TBD

Eric Ray - “Reducing Erroneous Exclusions” - Lecture

“GYRO in Photoshop” - Workshop

“Sufficiency for Exclusions” - Lecture

“Inconclusive with Similarities – Admissibility Challenge and Testimony - Lecture

“Frequency of Patterns in Palms” - Lecture

“How to Survive the AFIS Upgrade Apocalypse” - Lecture

Silvia Pettem - “Someone’s Daughter: In Search of Justice for Jane Doe” - Lecture

“The Long Term Missing: Hope and Help for Families” - Lecture

Michael Streed, Sketch Cop - “Making the Move from Pencil to Pixels” - Lecture

Michelle Triplett – Lectures and Workshops TBD

Bill Schade - Technology/AFIS Improvements - Lecture

Kenton Wong - “When Forensic Don’t Fit” - Lecture

Mike Gusto & Chris Coleman – Firearms Safety – Workshop

John Calvin Gaziano - Bloodspatter Analysis – Workshop

Ed Nordskog, LASD – Fire Death Investigations - Lecture

Heather Williams, PhD. - Building Resiliency in Forensic Professionals – Lecture

Brian Orr - “Techniques to Improve Your Success with Vacuum Metal Deposition” - Lecture

“Vacuum Metal Deposition A-Z” - Lecture

Everett Baxter - Drone and Photographs to Diagraming - Workshop

Shooting Incident Reconstruction – Workshop

Jan Johnson – Workshops TBD

Ken Moses – Workshops TBD

Allen Brogdon - Landing a Job in Forensic Science

Marvin Spreyne - “Creating or Improving PowerPoint Presentations” – Workshop

“Ace that Oral Interview” – Workshop

Courtroom Techniques – Ensuring One’s Credibility and Easing Stress.” - Workshop

George Reis – Workshops TBD

Tony Nguyen - Taking headshots.... portraiture that is, not in the literal sense – Workshop

“Aerial Drone for the Crime Scene” – Workshop

Julio Sosa - Infrared Photography & Camera – Workshop

David Witzke - Advanced Digital Imaging – Workshop

Tim Crocker – The San Bernardino Terrorist Shooting – Lecture

Penny Dechant - “You Mean There’s Another Way: Alternate Latent Workflows” – Lecture

Heather Conner and Penny Dechant - “What if I Don’t Agree? Approaches to Conflict Resolution in Latent Print Analysis” – Lecture

Diane Do - Bridge from Ten-Print to Latent – Workshop

Linton Mohammed – Lecture TBD

Camelin Rivera – Toxic Supervision - Lecture

John Murdock – Ethics in Forensic Science – Lecture

Precision Survey - Using the New Leica 3D Scanner – Workshop

Mark Waldo – “The Comparison and Analysis of Entry Bullet Holes in Glass, Metal, and Wood with a Variance in Caliber, Distance, and Grain Weight” – Lecture

“Preparing for a Career in Forensics” – Workshop

“Major Crime Scene Management – Working with the NTSB & FAA” - Lecture

Joseph Matvay - “Why the Innocent Sometimes Go to Prison; There is No Substitute for Physical Evidence” - Lecture

“I Just Got My First Subpoena, Now What?” - Lecture

“Bloodstain Pattern Analysis (SWIGSTAIN’s Approved” Terminology, Case Examples - Lecture

Selena McKay-Davis – PTSD in Forensic Personnel – Lecture

Mike Connelly - Boston Bombing – Lecture

Joe Ryneerson – Major Case Investigation

John Vanderkolk - “Generalizing Across Forensic Comparative Science” - Lecture

“Nature’s Patterns are Unique” - Lecture

“Fracture Examination Workshop” - Workshop

“Crease and 3rd Level Detail” - Workshop

“Making Optimal Decisions in Latent Print Examinations” - Workshop
